

Adriana's House

White Fields Community Church

Adriana is serving the Lord in Ensenada as one of the primary, on-site members of the team at Casa Esperanza (Hope House). This is a shelter for abused women and children that provides housing for those in need with the primary purpose of sharing God's abundant love with them. Adriana is very instrumental in assisting women as they recover from bad personal situations and learn to be self sufficient through God's grace.

Our Purpose is to Glorify God

Trip Start: 10/4/09

Trip End: 10/10/09

Remember: This mission trip is to Ensenada, Mexico and a valid passport is now required to leave and re-enter the United States. If you don't have a passport now, you should apply immediately in order to avoid expediting expenses.

Here is the beautiful piece of land in the desert terrain of Ensenada on which we will be building Adriana's home. The home will be 12' by 20' with an option to double the size in the future. This will provide Adriana all the basic conveniences so she can serve the Lord and the women of Mexico for many years to come.
